GRITS 2009

[HTTP://WWW.IPAC.CALTECH.EDU/GRITS/HOME.HTM](http://www.ipac.caltech.edu/grits/home.htm)

The Greater IPAC Technology Symposium --- a compliment to the Greater IPAC Science Symposium --- is a chance for IPACers to learn what we're using to support our current missions and what we'll need to support IPAC's future needs. It's designed for computer users and developers, but anyone from IPAC is welcome to learn about the underlying technology that makes the science possible.

**Organizing Committee: Frank Masci, Kelly Plummer, Steve Schurr, Cate Liu,,
Xiuqin Wu, Tom Handley**
